WOW!! What can I say? I don't want to write a long letter that takes up all of the pages of my album booklet (smile), so I'll just say this and be short and sweet with it. My first Thank You goes to the man that makes everything happen for me and that's Jesus Christ who is and who forever will be the head of my life. Thanks to my wonderful husband, Kashif Horton, for his amazing support and for being an awesome husband and an incredible father to our wonderful son, Kobe Deon, who's the sweetest little boy I've ever laid eyes on. Thanks to my parents, Arvetra and Ruth Jones, for being there since day one - of course, they had no other choice lol. They are everything to me and more! Thanks to my dadager (dad) for being the best manager in the world. Thanks to my mom (Big Ruth) for being a great mother. I also thank my brother, Arvetra Dominic, and my sister, Princess Ann (she's going to kill me for listing her full name), for being great supporters. Thanks to my nieces: Paris, Paradise, Justis and Kameron and to my little nephew/son, Santana. My amazing pastor/grandma, Lydia Jones, always makes sure I'm straight and God-grounded. I also thank my amazing church fam, CAYA. If I start naming names, I'll be sure to get in trouble. But, there's a few very special thank you's I have to let the world know about: Thank you first to my amazing, second family and record label, Tyscot Records, and ALJR Music Group, and my platinum sponsors, Montell Dorsey & Darcia Picket. Thanks to my godfather, Apostle James McDonald, attorneys, Crystal Redding and Garrett Johnson. Thanks to my life coach, Sybil Sloan of Sybil Sloan C.PC.

Also, many thanks to Pastor Doris Jones, Bishop Terryville, Teasia Bethel, Bishop Eddie Hightower, and Pastors Ronald & Karla Godbee of The River Church and their amazing staff for opening the doors of their church so that this live album could be recorded. And, last but not least, thank you to all of my amazing supporters/fans. Without you ladies and gents, there would be no albums sold, no tickets purchased and no seats filled. You've been rocking with me since my 15-year old YouTube days of me sitting in the car singing, *"Pass Me Not, O Gentle Savior"* and *"I Need Thee"* (shout-out to my brother, Benjamin Hamilton) for capturing those moments.
To my producers, Anthony Brown and Justin Savage, my love for you guys is indescribable. You literally pulled the best out of me on this album and I thank you for allowing me to see who I was while working on this album. The world really will be getting the best of me.
To my fans, followers and friends: I love you all so much from the bottom of my heart and I want you to take from this album as you listen to it, anything you need to take from it. Whether it be peace, happiness, healing, wisdom or an understanding of who God is.
Once again, THANK YOU!

Ruth

In loving memory: Uncle Kenny Taylor (1954- 2017)
